

ALEXIS WINSLOW art print prices

I'm offering two different kinds of prints, a high quality print on archival paper, and a premium quality giclee print on a stretched canvas.

Paper prints are also offered with a flat black 3/4" wooden frame which features a 2" white matte and acrylic plexi-glass.

Premium quality giclee prints on canvas are stretched over 7/8" bars. 1 1/2" bars are available upon request with additional charge. Giclee prints are also offered with 1 5/8" flat black wooden frame. Giclee prints are UV coated and look almost exactly like the original painting.

Dimensions are for the actual artwork and frames add additional height and width. Custom orders are also available.
